# About Us

Peckdecore is a modern start-up in the furniture ecosystem space which is conceptualized to meet the expectations of the current generation. We deal with furniture manufacturing, supply and installation of our custom-made products. We aspire to be the leading contract furniture maker and supplier domestically with the inspiration from our parent company Excellcia International. We cater to both individual and corporate customers by enhancing quality over quantity. We are fully customizable and flexible to match the needs of our valuable customers. Peckdecore is always open to new ideas and feedback to enhance our product range.

## Our Mission

To work in tandem and to match the exact requirements of our clients without compromising on quality. Additionally, to deliver the furniture on time in a cost-efficient manner.

## Our Vision

To be able to constantly upgrade to the modern day designs which are manufactured across the world. To maximise our efforts in producing eco-friendly designs which are loved by every section of the society.

## Manufacturing

Peckdecore owns a dedicated factory for all its manufacturing needs, where a team of 30 skilled and talented employees work throughout the day to bring the drawings into a reality. We follow all the precautions laid down by the Government to ensure a smooth manufacturing process. All the craftsmen are professionally equipped to carry out the work respectively. To put it in simpler words, Peckdecore team and the founders have a full understanding of the manufacturing process.

## Quality and Design

We only deal with premium-quality and eco-friendly raw materials for all the projects. Our design team makes sure that the mock-ups and samples get the accurate shape and design before they turn into reality. To help our clients by going a step further, we also provide samples before manufacturing the final furniture item.
